Invitation to discover self and bath in divine cosmic Energy

We invites all the seekers to join us in the forthcoming Kumbh Melas scheduled to be held in Haridwar (2027 & 2033), Nasik (2027), Ujjain (2028) and Prayagraj (2031 & 2037). We strive to spread through these events the Indian belief system of 'Vasudhev-Kutumbkam', literally meaning that "The whole Earth is one family". The Kumbh Mela is typically celebrated four times over 12 years, which rotates among the most sacred four cities. As per the Hindu mythology, during the churning of the ocean (Samudra-Manthan) by the gods and demons, a few drops of divine nectar accidentally fell at these four locations and at these four places the Kumbh mela takes place.

In the coming years all Kumbh-related cities - Haridwar, Nashik , Ujjain and Prayagraj will hold one Kumbh event each on the dates mentioned in the table given below. Notably, Kumbh Mela is organized at these four sacred places according to the specific celestial positioning of Jupiter, the sun and the moon.
